

## **DRDO – FICCI Accelerated Technology Assessment and Commercialization Programme**

### **Instant cooking pulses dhal flakes**

The cooking of dhal is time consuming process and requires elaborate cooking facilities like pressure cooker, cooking vessels, gas etc. The cooking of dhal like red gram dhal requires 45- 60 minute in open cooking or about 20 to 40 minutes in pressure cooking and subsequently seasoning time for the preparation of dhal curries. Cooking of dhal becomes much more difficult and requires longer time in high altitude areas where boiling point of water is less than 100C. The prepared dhal curries has limited shelf life of 12 -24 hrs at ambient condition.
